911 Researcher and Whistleblower Richard Andrew Grove created 8thEstate Public Media and Research around 5 years ago with his fiancée Lisa, after they had both uncovered fraudulent corporate activity, and have been producing media exposing corruption and cover-ups just about ever since.

Richard also created the Podcast 911 Synchronicity to expose the 911 events in their proper larger historical context. Be sure to listen to his 2 hour introduction, "Project Constellation" podcast, or watch some of the several films he has produced in the last 2 years.
